BajaPet Services

Consultations & Exams

X-rays, ultrasounds and MRI studies for accurate and rapid diagnosis of various conditions.

Vaccination Services

We provide all the necessary vaccinations to protect your pet against common and dangerous diseases and infections.

Preventive Medicine

We perform comprehensive check-ups to assess your pet's health status and detect any potential problems early.

Surgical Services

We have two surgical suites equipped to perform everything from routine surgeries, such as sterilizations, to more complex procedures.

MicroChip Services

We are ready to make sure your pet is able to cross the international border meeting all the CBP requirements.

Dental Clinic

Dental cleaning services and treatment of periodontal diseases to maintain your pet's oral health.

Metabolic Clinic

Personalized nutritional counseling and weight management programs to keep your pet in top physical condition.

Emergency Center

Emergency care available for critical and urgent situations.

Full Service Laboratory

Blood, urine and other laboratory tests to check for diseases and health conditions.

Hospital Ward

Comfortable and safe facilities for your pet's hospitalization when you need ongoing or post-operative care.

Pet Insurance

Mexsalud discount plan to prevent illness and prolong your pet's life.

Physical Therapy

We help your pet recover from injuries, with state-of-the-art equipment to provide personalized treatments for each pet.
